

ANAS SIDDIQUI

Java Full Stack Developer | Software Development Engineer

+91 7256996846 | anassidd7256@gmail.com | linkedin.com/in/anas-siddiqui | github.com/anas-byte-dev

Professional Summary

Results-driven **Java Full Stack Developer** and Computer Science graduate with strong hands-on proficiency in **Core Java (17/21)**, **Spring Boot 3**, **REST APIs**, **React 19**, and **SQL** databases. Experienced in building full-stack applications with secure authentication, database optimization, and **Docker** containerization. Seeking a **Graduate Engineer Trainee (GET)** or **Associate Software Engineer** role to build reliable, production-ready software.

Education

Government Engineering College, Samastipur (Bihar Engineering University)

B.Tech in Computer Science and Engineering (Cyber Security) – CGPA: 7.6 / 10

Samastipur, Bihar

2023 – 2026

Maulana Azad National Urdu University

Diploma in Computer Science and Engineering – CGPA: 9.02 / 10 (Distinction)

Hyderabad, Telangana

2019 – 2022

Technical Skills

Languages: Java (Core & Advanced, Java 17/21), JavaScript (ES6+), TypeScript, SQL, HTML5, CSS3

Backend Frameworks: Spring Boot 3, Spring MVC, Spring Security 6, Spring Data JPA, Hibernate ORM, REST APIs, JDBC

Frontend Technologies: React 19, Next.js, Tailwind CSS, Vite, Redux/State Management, Responsive UI Design

Databases: PostgreSQL (Supabase), MySQL, H2 In-Memory Database, ACID Properties, Schema Design

DevOps, AI & Tools: Docker, Google Gemini AI API, Server-Sent Events (SSE), Maven, Postman, Git & GitHub

Key Projects

MedPlus – Smart Healthcare & Clinical AI Platform

Spring Boot 3, Java 21, React 19, PostgreSQL, Docker

Live URL: <https://medplus-specialist-healthcare-and-opd.vercel.app/>

- Built a full-stack healthcare web application using **Spring Boot 3** REST APIs and **React 19**, featuring doctor search, appointment scheduling, and **pessimistic locking** to eliminate duplicate slot bookings.
- Integrated **Google Gemini AI** for automated symptom evaluation, secured endpoints using **Spring Security** with **JWT** role-based access (**RBAC**), and containerized the backend with **Docker**.

HireSphere AI – Autonomous AI Recruitment Platform

Java 21, Spring Boot 3, React 19, Gemini AI, SSE

Live URL: <https://hire-sphere-ai.vercel.app/>

- Developed an AI-powered recruitment web application using **Java 21**, **Spring Boot 3**, and **React 19** that parses candidate resumes and calculates 0–100% match scores using **Google Gemini API**.
- Implemented real-time candidate processing updates with **Server-Sent Events (SSE)**, an interactive mock interview practice module, and multi-stage **Docker** packaging for backend microservices.

Personal Developer Portfolio Website

Next.js, React 19, TypeScript, Tailwind CSS

Live URL: <https://anas-sidd-portfolio.vercel.app/>

- Designed a modern, responsive personal developer portfolio using **Next.js** and **Tailwind CSS**, featuring dark/light mode and achieving a verified **95+ Google Lighthouse** performance and SEO score.

Image Encryption & Decryption Desktop System

Java, Java Swing (JFrame), File I/O Streams, Cryptography, OOP

- Developed a desktop security application in **Java** using **Java Swing (JFrame)** to encrypt and decrypt image files with a user-defined numeric passkey.
- Engineered byte-level stream processing using **FileInputStream** and **FileOutputStream** with XOR byte manipulation for fast, lossless file recovery.

Training & Practical Experience

QSpiders – Java Full Stack Development Trainee

Jul 2026 – Present

- Undergoing intensive hands-on training in **Core Java** (OOP, Collections, Multithreading, Exception Handling), **Spring Boot 3**, **Hibernate JPA**, and **SQL**; building full-stack applications following MVC architecture and testing REST APIs in **Postman**.

NareshIT – Core Java Trainee

Mar 2022 – May 2022

- Trained in Java programming fundamentals, object-oriented design patterns, data structures, and relational database queries with practical problem-solving assignments.

Certifications

- **NPTEL:** Fundamentals of OOP – **Elite Certification** (62%)
- **Cisco Networking Academy:** Data Analytics Essentials

- **Spoken Tutorial, IIT Bombay:** PostgreSQL Certified
- **HP LIFE:** Effective Leadership

Leadership & Responsibilities

Training & Placement Coordinator – Government Engineering College, Samastipur

Dec 2025 – May 2026

- Coordinated campus recruitment drives and technical interviews for 200+ students, liaising directly between corporate HR recruiters, students, and college faculty.

Startup Cell Representative – Government Engineering College, Samastipur

Aug 2025 – May 2026

- Organized college technical hackathons and coding workshops for 150+ participants, managing registrations, event logistics, and technical schedules.
