

# ANAS SIDDIQUI

## Java Full Stack Developer

+91 7256996846 | [anassidd7256@gmail.com](mailto:anassidd7256@gmail.com) | [github.com/anas-byte-dev](https://github.com/anas-byte-dev) | [linkedin.com/in/anas-siddiqui-b46a23209](https://linkedin.com/in/anas-siddiqui-b46a23209)

### Professional Summary

Java Full Stack Developer with hands-on experience building full-stack web applications using Java, Spring Boot, React.js, MySQL, JDBC, and REST APIs. Strong foundation in Core Java, OOP, SQL, and responsive web development, with practical exposure to CRUD operations, MVC architecture, and database integration. Currently strengthening skills through a full-stack development training program, with a strong drive to learn modern technologies and contribute effectively to an engineering team as a Graduate Engineer Trainee / Java Developer.

### Technical Skills

- **Languages:** Java (Core & Advanced)
- **Web & Frontend:** HTML5, CSS3, JavaScript, React.js
- **Backend Frameworks:** Spring Boot, Spring MVC, Hibernate, JDBC, Servlets, JSP, REST APIs
- **Database:** MySQL, PostgreSQL
- **Concepts:** OOP, Collections Framework, Exception Handling, Multithreading, MVC Architecture, CRUD, SDLC
- **Tools:** Git, GitHub, Postman, Eclipse, IntelliJ IDEA, VS Code

### Projects

#### Online Food Ordering System (Zomato Clone)

HTML, CSS, JavaScript, React.js

- Developed a responsive food ordering web application front-end using HTML, CSS, JavaScript, and React.js.
- Built reusable React.js components for restaurant browsing, menu viewing, cart management, and order placement.
- Structured application state and component logic to handle dynamic menu and order data on the client side.
- Designed a responsive, mobile-friendly layout using CSS to ensure consistent usability across screen sizes.
- Added interactive JavaScript-driven functionality to improve navigation and overall user experience.

#### File Encryption and Decryption System

Java

- Built a Java-based desktop application to encrypt and decrypt files using core file handling and OOP concepts.
- Implemented input validation and exception handling to ensure reliable file-processing operations.
- Structured application logic into reusable Java classes and methods for maintainability.

#### Personal Portfolio Website

HTML, CSS, JavaScript, React.js

- Built a responsive portfolio website using React.js, HTML, and CSS to showcase projects, technical skills, education, and contact information.
- Developed reusable React.js components and responsive layouts for consistent presentation across screen sizes.
- Added JavaScript-based interactive functionality to enhance user experience.

### Training / Internship Experience

#### QSpiders, Noida, Uttar Pradesh, India — Java Full Stack Development Training

Jul 2026 – Present

- Undergoing intensive full-stack training covering Core Java, Advanced Java, Spring Boot, Spring MVC, Hibernate, REST API development, JDBC, MySQL, and React.js.
- Practicing MVC architecture, CRUD operations, and database design through hands-on application-building exercises.

#### NareshIT, Ameerpet, Hyderabad, Telangana, India — Core Java Training

Mar 2022 – May 2022

- Completed foundational training in Core Java, covering OOP concepts, collections, and exception handling.

### Education

#### B.Tech - Computer Science and Engineering (Cyber Security)

2023 – 2026

Government Engineering College, Samastipur, Bihar, India | CGPA: 7.6/10

Bihar Engineering University, Patna

#### Diploma - Computer Science and Engineering

2019 – 2022

Maulana Azad National Urdu University, Hyderabad, Telangana, India | CGPA: 9.02/10

### Certifications

- NPTEL: Fundamentals of Object Oriented Programming - Elite (62%)
- Spoken Tutorial, IIT Bombay: PostgreSQL
- Cisco: Data Analytics Essentials
- HP LIFE: Effective Leadership

### Leadership & Responsibilities

#### Training and Placement Coordinator

Dec 2025 – May 2026

Government Engineering College, Samastipur

- Coordinated communication between students, faculty, and recruiters during placement activities and recruitment drives.

#### Startup Cell Representative

Aug 2025 – May 2026

Government Engineering College, Samastipur

- Represented students in Startup Cell activities and assisted with events, activities, and student engagement.
